- Notes of the previous meeting

Draft notes of the previous meeting on 14 March 2016 had been agreed by email.

- Items/prompts for the survey

Those present had read through the sample surveys supplied. It was agreed that, in consideration of the size of our neighbourhood, we needed the 'bigger picture' approach. After due consideration, it was decided to shape our previously agreed areas of interest to the 'Bearley' model. DG to write up the agreed questions, forward to those present for agreement and then send to Steve Lyle.

- Wording of poster/flyer for next open event

DG had prepared a poster/flyer for consideration. Minor suggestions were taken on board and a final version agreed.

JA spoke of the purpose of the document from which it appeared that members of the group had not been able to align themselves with the direction of travel, a matter previously raised. It was established that data was still not available with regard to school places and capacity and for health and welfare provision. It remained the view of the group that it was still not appropriate to give specific leads prior to the distribution of a survey. DG agreed to draw up a document that gave some indication of lines of interest arising from such data and responses that we had. It could further include some significant strands that impacted on services.

- Date for next meeting

Already scheduled for 11:30 AM on Thursday 14 April at Arden Academy.
